New York Stock Market

York, December 4.-With a new of Congress to-day and a pres-message for to-morrow to in-trading, stocks did little toience trading, stocks and recording. Not many issues moved as much day. Not many Issues moved as much as a point either way. When trading was begun the market looked heavy on account of small declines among some of the speculative traders. Prices soon rose to about Saturday's close but during the afternoon dirfting downward again slowly. Before the close the demand increase, probably on account of the short covering and the declines, were largely made up.

The hesitation shows by the mar-

the declines, were largely made up.

The hesitation shows by the market at the time of the convening of congress was due to recognition of the fact that at this session legislation of great concern to the business interests of the country is to be considered. The question of governmental control of corporations, the revision of the tariff, the sale of securities by railroads as taken up by the liadley commission and proposals for currency legislation, all will probably come up for discussion, and it is generally believed that the dominant interests in the stock market will be slow to take a decided position until it is possible to gain some idea of the probable trend of events at Washington. Recent discussion of the frist problem, and hearings by committees from Congress have served to heighten the interest which is felt in the activities of the national legislatures this winter.

terest which is felt in the activities of the national legislatures this winter. Itctiring of the own Standard Oil management had only an indirect hear-ing upon the securities market, and found no reflection in the movement of prices. Standard Oil stock remain-ed unchanged at 630 bid, after an-mouncement of the change. It was generally understood that the change was largely a nominal one, and

change was largely a nominal one, and that the men who within the last few

that the men who within the last few years had been gradually taking over the work of the older officers would continue in active control.

The unexpectedly poor showing of the bank statement on Saturday was reflected in the time money market to-day. Rates for sixty and ninety days were higher, and there was a better inquiry. Call money, however, was casier, some loans being made at as low a figure as 4 per cent, as compared with the maximum of 6 per cent, in the latter part of last week.

ared with the maximum of 6 per ent, in the latter part of last week. There was further heavy trading to-ay in the Gould securities, especially Vabash stocks and bonds, which dis-layed further strength. Wabash pre-erred and the 4 per cent, bonds at ne time showed gains of 2 points or lore.

strong, with Louisville and Nashville and Atlantic Coast Line making the and Atlantic Coast Line making the best gains. Among the inactive stocks Underwood Typewriter and Texas Company showed pronounced strength. Bonds were irregular. Total sales, par value, \$5,085,090. United States bonds were unchanged on call. Total sales of stocks for the day were 230,600 shares.

COTTON MARKETS.

New York December 4-The publication of large crop estimates scenned to be a signal of active cavering of shorts in the cotton market to-day, and the clore was very stady at a net advance of 13g1s points. The market opened steady at a decline of 1 point to an advance of 2 points in response to steady cables and larger spot as the budglish market. Private cables in the English market. Private cables in the English market. Private cables reported a food demand in Liverpool from the continent, and advices were received from the South indicating that Southern spot offerings were smaller. The census report on glaning is due next Friday, and the governments.

FOUR ACES WON ON CEDRIC.

New York, December 4.—Paul Wilkes, of California, and A. L. Dunham, who owns mines, played in a poker game on Thursday night oboard the White Star liner Cedric and won most of the money of the other players. The limit, originally \$10, was raised on Thursday night to \$25. In the final game Mr. Dunham got four queens pat and Mr. Wilkes gazed immovably at four aces. Naturally the pot was boosted, and when there was \$77 in it most of the other players got cold feet. Mr. Dunham drew one card, needing none, and Mr. Wilkes stood pat. Mr. Dunham bet \$25 and Mr. Wilkes raised him the same amount remarking that he would be this hand all night, supposing that thereby Mr. Dunham would believe that he was bluffing. Mr. Dunham suspected and promptly called him and Mr. Wilkes gathered in about \$1,000.

Street.

Middletown, Conn. December 4.—In order to counteract the influence of the saloon the Hammonassett Bible class of the Episcopal Church in the village of Killingworth, a few miles south of here, has decided to run dances in the basement of the church on Saturday nights, the first affair taking place Saturday evening, At the last election Killingworth voted wet after a dry spell of sixty years, and as a result a saloon was opened a couple of weeks ago in a building in the centre of the village. The pastor of the church, the Rev. George B. Gilbert, is of the opinion that by running dances the young people may be kept from temptation.
